Sir,

Re:-Supply of chassis for conveying street rubbish

I write to state that your letter Nos C 42/S A dated 21-5-53 and 371 S A dated 27th instant were placed before the Municipal Council at their special general meeting held on the 29th instant Fordson Thames 128" W B 4 ton Petrol Chassis with windshield 32x6 (10 ply) Tyres (6) dual rear was considered to be suitable for our purpose Since you offer the discount of only 12½% on the cost of the Chassis it you were approached over the telephone on the morning of 30th May 53 to give discount of atleast 15% on the cost of the chassis and you have signified your acceptance to the same It is also noticed that here your quotation is for the Chassis only and the body has to be construc -ted by your associated company M/s Simpson and Co Ltd Madras, and the quotations,blue print and specifications for construction of the r same may be forwarded at your earliest convenience Further I have nd received from M/s Simpson and Co Ltd Bangalore,blue Print No F9 78 for the the building and mounting up drop side all steel lorry body on 155" W B chassis amounting to Rs 2838-6-0

I have also received your Letter No 406-SA dated 30-5-53 wherein you have furnished your revised quotation for the chassis complete with cab and body, and wherein you have agreed to allow a discount of 15% on the value of the Chassis You have stated that the cost of con- -struction and mounting a dropside body with cab will be Rs 2,500/- This admits of a considerable reduction as M/s Simpson & Co have quot- -ed Rs 2826-8-0 for mounting M S Body on a bigger wheel base Viz 167" chassis, whereas the one we are ordering with you is only of 127" W B Hence I request you to reduce the charges considerably and let me know

9

You have also included in your letter that we have to pay delivery charges to the chassis from Bangalore to Madras Rs 242/- while in your letter No 434-SA dated 5-6-53 you state that the chassis is held with your principals Hence this charge could be deleted

On the both sides of the body that opens out to the exterior should be displayed as "DAVANAGERE CITY MUNICIPALITY" with big block letters

As the lorry is required urgently it will be much appreciated if the lorry with cab and body delivered at Davanagere before the end of this month

The receipt of this letter may kindly be acknowledged and reply sent to the points raised above

Yours faithfully,

Re -Supply of Chassis for conveyance of street rubbish.

I have your letter No 461/SA dated 9th June 1953 and note that the Chassis is now held by M/s Ford Motor Company of India Ltd Bombay I write to confirm my order for the chassis in accordance with your quotation of Rs 12,856-0-0 and you may now arrange to obtain the chassis as suggested in your above letter

As regards the construction of the body I request you kindly to move M/s Simpson and Co Madras to include within their estimate of Rs 2,500/- the delivery charges for the Chassis from Bangalore to Madras and back for the construction of the body as it is still - felt that this quotation admits of reduction on account of varia - tions in wheel base as well as in the length of the body to be built It is seen from the Blue Print F 978 for the construction of Body on 155 Wheel Base Chassis sent by M/s Simpson and Co - Bangalore with their letter No B RCR 2, dated 25th May 1953 that length of the body is 14'2 and the wheel base is 155' and the price quoted therefor is only Rs 2,700/- Your specification of the dimensions for the body are length 10' and height 8'-8" There shall thus be a reduction of 4'-2' on both sides of the body be- -sides the reduction in wheel base I would therefore request you kindly to address M/ Simpson and Co Madras to reduce their quotation proportionately in view of the reduction in length and wheel base I await the blue print and the specification for the body referred to in your letter under reply

Re -Supply of chassis for conveying street rubbish

Reverting to our letter No 492/SA of the 12th instant, we take pleasure in forwarding herewith a blue print of the lorry body to be constructed on the Fordson "Thames' 128' W B 4 ton petrol chassis ordered by you The specification will be the same as that sent with our letter No 406/SA of the 30th May 1953

We are requesting M/s Simpson and Company Ltd Madras to proceed with the construction of the lorry body immediately the chassis has been delivered to them

Regarding your remarks in respect of the quotation for the lorry body, we give below an extract from a letter received from M/s Simpson and Company Ltd ,Madras to whom this matter was referred as intimated earlier

"The comparison drawn by your customer between Blue Print No 978 submitted to our Bangalore Branch for a body to be mounted on 155" W B chassis and to Blue-print No 0040 submitted to you for a body to be mounted on 128" W B Fordson Thames chassis is incorrect Drawing No 978 is for the body on a 167" W B Commer Chassis and any dimenstions marked therein will not apply to 155' W B Chasis The drawing No 978 as sent only to give the customer an idea of the body and any dimensions given on the drawing could not naturally be followed due to the heelbase stated

The length quoted for a body on 155" W B is 12' and not 14'-2" as described by your customer and,therefore his contention that 4'-2" saved in the construction of the body on 128" W B chassis is incorrect The price quoted to you as Rs 2,500/- is in order and compares the quotation of Rs 2,700/- for the body on 155" W B chassis with the difference in length between the body on a Fordson 128" W B and 155" chassis is of 2' "

In view of the foregoing,the sum of Rs 2500/- originally quoted for the lorry still holds good,which we trust will have your approval
